for Registrar General, India.

# NATIONAL SAVINGS CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3.57% and 4.16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income.

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest upto Rs. 25,000, and two joint holders upto Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- upto a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year. Deposits accepted at offices of the Reserve Bank of India at Bombay, Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioner, Simla.

## 3½%

# TEN-YEAR TREASURY SAVINGS DEPOSITS

## REMARKS

The figures of births and deaths shown in this statement for week ending the 22nd Sept. 1951, relate to 146 towns with an estimated population of 21,374 thousands. The total number of towns is 253 and their population is 29,976 thousands. Thus 58% of the total number of towns representing 71% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 16,049 and 6,866 representing birth and death rates of 39.0 and 16.7 per thousand of population respectively.

(A) States (Parts A & C).—The data here relate to 123 towns with an estimated population of 17,959 thousands. Information about Ajmer, Assam, Bihar and Madras could not be included.

The total number of towns is 219 and their population is 25,676 thousands. Thus 56% of the total number of towns representing 70% of the total population is covered.

The numbers of births and deaths recorded in these towns were 14,094 and 6,072 representing birth and death

rates of 40.8 and 17.0 per thousand of population respectively. The table at the end gives the position by states.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 23 towns with an estimated population of 3,415 thousands. The total number of towns is 34 and their population is 4,300 thousands. Thus 68% of the total number of towns representing 79% of the total population is covered. The numbers of births and deaths recorded in these towns were 1,955 and 794 representing birth and death rates of 29.8 and 12.1 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.
